

# CALL FOR PROPOSALS

## CRDCN 2015 National Conference

**Research and Public Policy:  
Health, Economic and Social Perspectives**

**Toronto, November 5-6, 2015**

Over the past 15 years, the profile of research conducted in the RDCs has changed considerably. The conference is an opportunity to showcase the work being done with RDC data and to explore emerging themes and methods, with an emphasis on sharing methodological challenges and policy implications. A related focus is the use of administrative data for research.

The organizing committee, chaired by Michael Baker, is currently inviting submissions. Oral as well as poster presentations are welcome.

**Submit your proposal by June 15, 2015, online at:**
